We met with the demob unit and expanded dispatch personnel in reference to any updates to the module's travel itinerary. The Module is still scheduled to be demobed at 1000 hrs tomorrow, overnight in Anderson and fly out of Redding Tuesday. Flight itinerary is still pending for Tuesday back to Fort Smith. Final ground support and vehicle transportation to Anderson should be resolved later today. We have been in communication with Arkansas Interagency Coordination Center regarding release information at the Complex and travel arrangements for the module once they arrive in Fort Smith
